

Supporters of the Lamar High School Band Program,

The Lamar Band Booster Club exists to support the band program at Lamar HS and this year we are looking for businesses to help sponsor our program and students.

The Lamar Band Booster Club works to support the students and directors in their creation of their marching band show, competitions, concerts and their overall success. This includes marching band, percussion, symphonic, jazz bands and colorguard. There are many areas of the band program that the school district does not provide district funds. This is where the booster club comes in. We provide meals during marching competitions, help with expenses for such items as band equipment, transportation for competitions, private lessons, special instructors and scholarships for graduating seniors.

We are hoping that you consider partnering with us in supporting the Lamar Band. Here are some options:

1. Become a **Sponsor**. We have 5 levels of sponsorships this year. By sponsoring, you are helping enrich not only the student, but the program as a whole. 100% of your donation goes right back into the program.
2. Making a **Donation**. Any amount will be recognized in our printed Concert Program. Whether monetary or in-kind, every tax-deductible donation helps no matter how small, and is greatly appreciated.

The Lamar Band Booster Club (LBBC) is a 501c3 nonprofit organization dedicated to supporting the students and staff in these efforts, but we cannot do it without the help of people like you. Thank you for taking the time to invest in the future of our kids and community. We look forward to your support!

Sincerely,

Lamar Band Booster Club
